

## THE LEICESTERSHIRE SWIMMING TALENT PATHWAY

This document outlines the Leicestershire Swimming Talent Pathway.

### FIVE SQUADS ARE IN CURRENT OPERATION:

- City Podium Squad.
- City Performance Squad.
- City Talent Squad.
- County Potential Squad.
- County Development Squads.

All squads train at Braunstone Leisure Centre, De Montfort University and Loughborough University

The structure of the Leicestershire Talent pathway is shown in the diagram below. This provides an opportunity for Leicestershire based swimmers to follow a progressive talent pathway into higher levels of training. This progression will be achieved by maximising the talent pool at Satellite Club through to City Podium squad levels in line with British Swimming policies and the LTAD / Swim 21 framework.
